## WORK EXPERIENCE

### Asultancy

APR 2024 - JULY 2025

Full-Stack Developer - (Remote)

Led a development team in building responsive and user-focused web applications using React.js, Next.js, and Tailwind CSS. Designed and developed secure Laravel APIs to power scalable ERP, accounting, and inventory management systems. Built cross-platform mobile applications with React Native, ensuring seamless performance across devices. Actively contributed to project planning, provided technical guidance, and conducted code reviews to maintain code quality, streamline workflows, and ensure timely delivery of high-impact solutions.

### DBDT ,Miri, Malaysia

FEB 2021 - MAR 2024

Full-Stack Web Developer (Remote)

Developed responsive and user-friendly interfaces using React.js, Next.js, and Tailwind CSS, ensuring seamless experiences across devices. Built and integrated scalable Laravel backends and APIs to enable smooth and secure data flow. Actively contributed to project planning sessions, providing valuable technical insights to support successful development and timely delivery.

### Manob Group

Junior Web Developer

JAN 2020-DEC 2020

- Developed and maintained responsive and visually appealing user interfaces using Laravel Blade, ensuring seamless functionality across multiple devices and browsers.
- Collaborated closely with backend developers to integrate frontend components with Laravel APIs, facilitating efficient data retrieval and manipulation.
- Implemented UI designs using CSS, adhering to established design systems and ensuring consistency throughout the application.

### FIVERR

2018-Continued
